In promoting Communication and Information Exchange Among Engineers and Disciplines

From Chief Editor:

What an achievement! The 2014 CIE/USA-DFW 25th Anniversary Annual Convention on August 16th at the Renaissance Dallas Richardson Hotel was a great success. CIE/USA-DFW Chapter would like to extend a heart-felt thank you to those who supported the event. Special thanks go to our sponsors. We could not do it without your generous support.

As CIE/USA-DFW celebrates its 25 years serving the DFW community, we are committed to strive for a stronger tie and partnership in years ahead with the industry, universities, government and community where our members live and work. To achieve this goal, a routine and effective communication is essential. As such, we will soon kick-off a quarterly eNewsletter to keep you, our sponsors, to keep you informed on CIE/USA-DFW events and activities on a regular basis. To help us improve the quality and align the eNewsletter better with your needs, we would love to hear your feedback after you have received the eNewsletter. Thanks again!

2015 Sponsorship Opportunity:

With the focus on promoting the community interest in Science, Technology, Engineering and Mathematics (STEM), the DFW Chapter delivered more than 18 programs and served more than 4,500 people in the community in 2014. We could not do this without the strong financial, leadership, and volunteer support from our sponsors.

We are calling for your continuing support in 2015. The sponsorship opportunity is currently open. Please visit <http://www.cie-dfw.org/events/2015/sponsorship/2015SponsorshipPackage.pdf> for 2015 sponsorship package.

All CIE programs are supported by volunteers. We are currently building a strong team to support our 2015 programs. Please circulate this volunteer opportunity at your organization or to your network: <http://cie-dfw.org/volunteer/eVolunteerOpportunity.pdf>
